

# We are learning about number, addition and subtraction (within 10)

At Sandhurst School we follow White Rose Maths. It is a practical based program that allows children to explore Maths through the use of equipment and gain a deeper understanding through reasoning and problem solving.

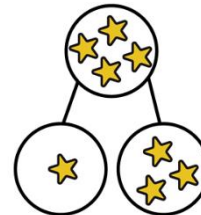

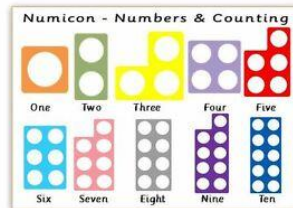

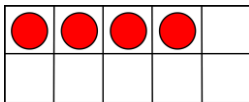

For more information please visit <https://whiterosemaths.com/for-parents/>.

## In Maths we will be:

- Working with numbers within 10
  - Sorting objects
  - Counting forwards
  - Counting backwards
- Saying one more and one less than a given number
  - Ordering numbers

Some equipment and images your child will be using are:

## Mathematical talk

Are there different ways the objects can be sorted? How many are there in total? What does zero look like? If 7 is the whole, what could be the parts?

Key Vocabulary: zero, whole, part, addition, equal
