

We are learning about number, place value, addition and subtraction

At Sandhurst School, we follow White Rose Maths. It is a practical based program that allows children to explore Maths through the use of equipment and gain a deeper understanding through reasoning and problem solving.

For more information, please visit <https://whiterosemaths.com/for-parents/>.

In Maths we will be:

- Partitioning numbers into 1s 10s 100s and 1000s
 - Finding 1, 10, 100, 1,000 more or less
 - Ordering and comparing numbers to 10,000
- Rounding numbers to the nearest 10, 100 and 1000
 - Using a number line to 10,000

Some equipment and images your child will be using are:

Round each number to the nearest 10

a) ● 100 ● 100 ● 10 ● 1 ● 1 ● 1

What numbers are represented?

Mathematical talk

What is the value of this digit? Can you partition the number in a different way? Which column do we look at when rounding to the nearest 10? Can you explain your reasoning?

Key Vocabulary: partition, ones, tens, hundreds, thousands, ordering, comparing, rounding.
